GUARANTEED LEOPARD HARVEST IN NAMIBIA

LEOPARD PERMITS ARE VERY LIMITED IN NAMIBIA

When you hunt leopards in Namibia, several baits are put out at least a month in advance of the hunt to ensure that we have at least two males on bait when the hunter arrives. These baits are put out in a huge area and many times two males are on bait when the hunter arrives. Trail cameras are also put at each bait to check to see which leopards are feeding and to help to determine the size and sex. The client has a guarantee at shooting his leopard in Namibia. Success rate is 100% in the past six years.

(Panthera pardus pardus)
