This outfitter tracks on dry land as well as in the snow. His goal is to harvest a 140# or greater Mountain Lion. High Mountain Hunts will hold your money until the outfitter has a treed mountain lion of approximately 140# or greater. At that point, you can either take the treed lion or pass and continue hunting for a larger lion for the remaining days booked and your guarantee has been met. If you take the lion, he's yours even if he doesn't meet the 140# goal and the guarantee has been met. If you can't physically make it to the treed lion, your guarantee has been met.
